A: WHOLESALE PRICES

Wholesale Prices - DSM	Petrol	Diesel (5000 ppm)	Diesel (500 ppm)	Kerosene
Indicative Prices	1,357.71	1,307.25	1,320.01	848.34
Cap Prices	1,459.54	1,405.29	1,419.01	911.96

NOTE:

- (a) Compared with the last price change of 10th July 2009, retail prices for all petroleum products have decreased as follows: Petrol 3.20%, Diesel (5000 ppm) by 1.18%, Diesel (500 ppm) by 1.26%, and Kerosene by 1.23%. The price differences have been caused by price changes in the world market; and a slight depreciation of the Tanzanian Shilling compared to the US dollar (the currency in which purchases of products in the international oil market are made). The movement in wholesale prices for the various petroleum prices for the same period is as follows: Petrol 7.09%, Diesel (5000 ppm) 2.53%, Diesel (500 ppm) 3.28% and Kerosene 3.42%.
- (b) In line with the prevailing sector legislation, prices of petroleum products are governed by rules of supply and demand. EWURA shall continue to encourage competition in the sector by making available petroleum products pricing information including price cap. This information on prices is intended to enable stakeholders to make informed decisions on petroleum prices at any particular time.
- (c) Oil marketing companies are free to sell their products at a price that give them competitive advantage, provided that such **price does not exceed the price cap for the relevant product**. The price cap has been set at 7.5 per cent of the indicative price as computed by EWURA in accordance with the approved formula. **The approved formula was gazetted through Government Notice No. 5 of 9th January 2009.**
- (d) All petrol stations should publish petroleum product prices on clearly visible boards. The price boards should be clearly visible and should clearly show prices charged, discounts offered as well as any trade incentives or promotions on offer. Consumers are advised to purchase from those that sell products at the most competitive prices. **It is an offence not to have prices published on boards located in clearly visible places in front of petrol stations.**
- (e) All petrol stations selling or offering for sale diesel should clearly mark the dispensing pumps with the type of diesel they are dispensing (500 ppm and 5000 ppm). **Selling or offering for sale diesel of a different quality from that indicated on the pump is an offence and will attract punitive measures from EWURA.**
- (f) Retailers must issue receipts with respect to all sales that they make and consumers are advised to **demand and keep receipts** that clearly show the name of petrol station, date on which such purchase was made as well as, the type of fuel and price per litre for every purchase they make. This can be used as an exhibit in case of a complaint lodged in the event that the selling price is above the cap price or in case the products sold is off the approved specifications.
