

REF: PPR/17 - 11/1

**PUBLIC NOTICE ON CAP PRICES FOR PETROLEUM PRODUCTS EFFECTIVE
WEDNESDAY, THE 1st NOVEMBER 2017**

The Energy and Water Utilities Regulatory Authority (EWURA) hereby publishes Cap Prices for petroleum products, applicable in Tanzania Mainland. These retail and wholesale prices are applicable effective **Wednesday, the 1st November 2017**. Hereinafter, kindly, take note of the following:

- (a) Retail and wholesale prices for all petroleum products have increased compared to prices that were published on 4th October 2017. For the month of November 2017, retail prices of Petrol, Diesel and Kerosene have increased by TZS 55/litre (equivalent to 2.69%), TZS 46/litre (equivalent to 2.43%) and TZS 81/litre (equivalent to 4.35%) respectively. Similarly, compared to the last month publication, wholesale prices of Petrol, Diesel and Kerosene have also increased by TZS 55.49/litre (equivalent to 2.84%), TZS 46.36/litre (equivalent to 2.58%) and TZS 80.87 (equivalent to 4.63%) respectively. The increases in local prices have been caused by the increases in the world oil market prices and depreciation of the Tanzanian Shilling against the United States Dollar, the currency used in the procurement of petroleum products.
- (b) Retail and wholesale prices for all petroleum products in Tanga region have also increased compared to prices that were published on 4th October 2017. It should be noted that, in Tanga region, the last new consignment of petroleum products before October 2017 was received in August 2017 and therefore, the petroleum prices of October 2017 have been applicable since September 2017. For the month of November 2017, retail prices of Petrol, Diesel and Kerosene **in the Northern regions** have increased by TZS 112/litre (equivalent to 5.60%), TZS 122/litre (equivalent to 6.52%) and TZS 128/litre (equivalent to 7.10%) respectively. Likewise, wholesale prices of Petrol, Diesel and Kerosene have also increased by TZS 111.57/litre (equivalent to 5.93%), TZS 122.44/litre (equivalent to 6.93%) and TZS 128.49 (equivalent to 7.56%) respectively. The changes in prices of petroleum products in Tanga region are attributed to changes in the world oil market prices and depreciation of the Tanzanian Shilling against the United States Dollar, the currency used in the procurement of petroleum products..
- (c) The Authority would like to remind the public that these cap prices can be accessed through mobile phones by dialling ***152*00#** and then following the provided instructions. This service is free of charge and is available in all mobile phone service providers in the country.
- (d) In line with the prevailing sector legislation (**Petroleum Act, 2015, section 166**), prices of petroleum products are governed by rules of demand and supply. EWURA shall continue to encourage competition in the sector by making available petroleum products pricing information including cap prices. This information on prices is intended to enable stakeholders make informed decisions on petroleum prices at any particular time.

- (e) Oil Marketing Companies are free to sell their products at a price that gives them a competitive advantage provided that, such **price does not exceed the price cap for the relevant product as was computed using the approved formula, which was gazetted through the Government Notice No. 216 published in May 2017.**
- (f) All petrol stations are required to publish petroleum product prices on clearly visible boards. The price boards should be clearly visible and should clearly show prices charged, discounts offered as well as any trade incentives or promotions on offer. Consumers are encouraged to purchase from stations that sell products at the most competitive prices and offer better services. **It is an offence not to have prices published on boards located in clearly visible places in front of petrol stations and it will attract punitive measures from EWURA.**
- (g) Retailers must issue receipts printed from an Electronic Fiscal Pump Printer (EFPP) with respect to all sales that they make and consumers are required to **demand and keep those receipts** that clearly show the name of petrol station, date on which such purchase was made as well as, the type of petroleum product (fuel) and price per litre for every purchase they make. This can be used as an exhibit in case of a complaint lodged in the event that the selling price is above the cap price or in case the products sold do not meet the approved specifications and also, provide an assurance that appropriate government taxes on petroleum products purchased are fully accounted for recovery from the Retailers.

A: RETAIL PRICES

Town	Cap Prices		
	Petrol (TZS/Litre)	Diesel (TZS/Litre)	Kerosene (TZS/Litre)
