

REF: PPR/18 - 10/1

**PUBLIC NOTICE ON CAP PRICES FOR PETROLEUM PRODUCTS EFFECTIVE
WEDNESDAY, 3rd OCTOBER 2018**

The Energy and Water Utilities Regulatory Authority (EWURA) hereby publishes Cap Prices for petroleum products, applicable in Tanzania Mainland. These retail and wholesale prices are applicable effective **Wednesday, 3rd October 2018**. Hereinafter, kindly, take note of the following:

- (a) Retail and wholesale prices for Petrol and Diesel imported in the country through Dar es Salaam port have changed compared to prices that were published on 5th September 2018, while retail and wholesale prices of Kerosene remain unchanged as there was no new consignment of Kerosene imported through Dar es Salaam port in the month of September 2018. For the month of October 2018, retail prices of Petrol have decreased by TZS 6/litre (equivalent to 0.24%) while those of Diesel have increased by TZS 32/litre (equivalent to 1.39%). Similarly, compared to the publication of last month, wholesale prices of Petrol have also decreased by TZS 5.78/litre (equivalent to 0.26%) while those of Diesel have increased by TZS 31.51/litre (equivalent to 1.47%). The change in local prices of petroleum products is mainly due to changes in the world oil market prices and BPS premiums.
- (b) There was no new consignment of petroleum products imported through Tanga port in the month of September 2018. Hence, in October 2018, prices of petroleum products in the Northern regions remain the same as were in September 2018.
- (c) Retail and wholesale prices for all petroleum imported in the country through Mtwara port have changed compared to prices that were published on 5th September 2018. For the month of October 2018, retail prices of Petrol and Diesel have decreased by TZS 19/litre (equivalent to 0.81%) and TZS 16/litre (equivalent to 0.69%) respectively. Similarly, wholesale prices of Petrol and Diesel have also decreased by TZS 19.17/litre (equivalent to 0.85%) and TZS 16.20/litre (equivalent to 0.72%), respectively. The decrease in local prices of petroleum products is mainly due to a decrease in the world oil market prices. Since there is no Kerosene at Mtwara storage terminals, Petrol Station Operators in Mtwara, Lindi and Ruvuma regions are advised to source the product from Dar es Salaam and therefore, the retail price of Kerosene for those regions will be based on the cost of the product received through Dar es Salaam port and bridging cost to the regions.
- (d) The Authority would like to remind the public that these cap prices can be accessed through mobile phones by dialling ***152*00#** and then following the provided instructions. This service is free of charge and is available in all mobile phone service providers in the country.
- (e) In line with the prevailing sector legislation (**Petroleum Act, 2015, section 166**), prices of petroleum products are governed by rules of demand and supply. EWURA shall continue to encourage competition in the sector by making available petroleum products pricing information including cap prices. This information on prices is intended to enable stakeholders make informed decisions on petroleum prices at any particular time.

- (f) Oil Marketing Companies are free to sell their products at a price that gives them a competitive advantage provided that, such **price does not exceed the price cap for the relevant product as it is computed using the approved formula, which was gazetted through the Government Notice No. 163 published in April 2018 and Government Notice No. 269 published in June 2018.**
- (g) All petrol stations are required to publish petroleum product prices on clearly visible boards. The price boards should clearly show prices charged, discounts offered as well as any trade incentives or promotions on offer. Consumers are encouraged to purchase from stations that sell products at the most competitive prices and offer better services. **It is an offence not to have prices published on boards located in clearly visible places in front of petrol stations. Failure to adhere to this directive will attract punitive measures from EWURA.**
- (h) Retailers must issue receipts printed from an Electronic Fiscal Pump Printer (EFPP) with respect to all sales that they make and consumers are required to **demand and keep those receipts** that clearly show the name of petrol station, date on which such purchase was made as well as, the type of petroleum product (fuel) and price per litre for every purchase they make. This can be used as an exhibit in case of a complaint lodged in the event that the selling price is above the cap price or in case the products sold do not meet the approved specifications and also, provide an assurance that appropriate government taxes on petroleum products purchased are fully accounted for recovery from the Retailers.

A: RETAIL PRICES

Town	Cap Prices		
	Petrol (TZS/Litre)	Diesel (TZS/Litre)	Kerosene (TZS/Litre)
Dar es Salaam	2,368	2,304	2,247
