According to HTM WSSA, the justification for review of tariff include general rise of input prices in the market and full payment of electricity bills for pumping water which were previously paid by Ministry of Water (MoW). Review of tariff will maintain and improve water supply services. In addition, the review of the tariff will ensure the implementation of the Business Plan and the attainment of set goals which all focus on the provision of quality water supply for the residents of Handeni and some areas of Korogwe districts.

Pursuant to Section 19(2) (b) of the EWURA Act, Cap 414, there shall be a public inquiry meeting on **Thursday, 24<sup>th</sup> January 2019 at CCM Hall in Handeni Town from 10:00hrs**. The main objective of the meeting is to collect views of stakeholders including Government Consultative Council (GCC), Consumer Consultative Council (CCC), HTM customers and the general public on the reasonableness of the proposed tariff application.

Those who wish to submit written comments on the reasonableness of the proposed tariffs are invited to do so by writing to the Acting Director General using the above mentioned address at any time by **28<sup>th</sup> January 2019**. More details of the application can be obtained from **EWURA NORTHERN ZONE OFFICES, 2<sup>ND</sup> FLOOR, PPF PLAZA, NEXT TO KIBO PALACE HOTEL, CORRIDOR AREA** or **HTM WSSA OFFICES IN KOROGWE TOWN**.
