A: WHOLESALE PRICES

Wholesale Prices - DSM	Petrol	Diesel (5000 ppm)	Diesel (500 ppm)	Kerosene
Indicative Prices	1,238.85	1,236.73	1,275.72	768.44
Cap Prices	1,331.76	1,329.48	1,371.39	826.07

NOTE:

- (a) Compared with the last price change of 7th April 2009, prices for all petroleum products have increased by: Petrol 2.43%, Diesel (5000 ppm) 5.80%, Diesel (500 ppm) 5.89% and Kerosene 9.68%. These changes are caused by prices increase in the world market prices and on the other hand, a slight depreciation of the Tanzania Shilling compared to the US dollar (the currency in which purchases of products in the international oil market are made).
- (b) In line with the prevailing sector legislation, prices of petroleum products shall be governed by rules of supply and demand. EWURA shall continue to encourage competition in the sector by making available petroleum products pricing information including price cap. This is intended to enable stakeholders to make informed decisions on petroleum prices at any particular time.
- (c) Oil marketing companies are free to sell their products at prices that give them competitive advantage, provided that such **prices do not exceed the price cap for the relevant product**. The price cap has been set at 7.5 per cent of the indicative prices as computed by EWURA in accordance with the approved formula. The approved formula was gazetted through Government Notice No. 5 of 9th January 2009.
- (d) All petrol stations should publish on clearly visible boards, prices charged for each of the petroleum products. The price boards should be located in clearly visible places in front of petrol stations and should clearly show prices charged, discounts offered as well as any trade incentives or promotions on offer. Where it is possible to choose between suppliers, consumers are advised to purchase from those that sell products at the most competitive prices. **It is an offence not to have prices published on boards located in clearly visible places in front of petrol stations.**
- (e) All petrol stations selling or offering for sale diesel of different quality (500 ppm and 5000 ppm) should clearly mark the dispensing pumps with the name of the product they are dispensing. **Selling or offering for sale diesel of a different quality from that indicated on the pump will be considered as adulteration and will attract punitive measures from EWURA.**
- (f) Consumers are advised to **demand and keep receipts** that clearly show the name of petrol station, date on which such purchase was made, the type of fuel and price per litre for every purchase they make. This can be used as an exhibit in case of a complaint lodged in the event that the selling price is above the cap price or in case the products sold is off the approved specifications.
