COMPLAINT NUMBER. GA.71/135/333

ISSA KWEZI KIDAYI.....COMPLAINANT

VERSUS

TANZANIA ELECTRIC SUPPLY COMPANY LIMITED.....RESPONDENT

SETTLEMENT AWARD

*(Made by the EWURA Board of Directors through its Circular Resolution No. 8
of 22 June, 2021)*

1.0 Background Information:

On 20th April 2021, the Energy and Water Utilities Regulatory Authority (“the Authority”) received a complaint from Mr. Issa K. Kidaya of Sima- Machine ya Karanga Street, Bariadi District, Simiyu Region (“the Complainant”) against the Tanzania Electric Supply Company Limited (“TANESCO”) (“the Respondent”). The Complainant is complaining against the undue delay by the Respondent in connecting electricity supply services at his premises.

The Complainant alleges that he has been writing letters and visiting the Respondent’s offices several times since 2018 but since then he has not been connected with the said electricity supply services. The Complainant explained that only his 1st June 2020 letter which was directed to the Respondent’s Zonal offices received a reply on 12th June 2020. The said reply requested him to be patient while the Respondent is handling the matter. The Complainant claims further that it had been ten Months now since he

followed up the matter with the Respondent, in vain, in a bid to know when he will be connected with power without success. Consequently, the Complainant filed this complaint praying for Orders that the Respondent be compelled to provide the Complainant an invoice of TZS 27,000.00 for electricity supply services and after payments, immediately connect his premises to electricity supply services.

Upon receipt of the complaint, on 22nd April 2021, the Authority wrote to the Respondent instructing them to present their defense to the complaint in terms of Rule 6 (1) of the Energy and Water Utilities Regulatory Authority (Complaints Handling Procedure) Rules, GN No. 428/2020. On 13th May 2021, the Respondent filed its defense and informed the Authority the following;

- a) the Respondent acknowledge receipt of EWURA summons regarding Mr. Issa K. Kidayi's claims on undue delay of the Respondent to connect electricity services at his premises,
- b) the Complainant requested an application form for electricity supply services on 21st February 2021 and the Complainant returned the application form on 19th March 2021. Moreover, The Respondent's surveyor engineer visited the Complainant's premises and realized that his premises located more than 30metres away from the Respondent's infrastructure;
- c) as per Government directives, Simiyu Region is considered as rural area as per TANESCO Regions. Therefore, the connection fee for electricity supply services is TZS 27,000.00 for residents who are located within 30metres from TANESCO infrastructure. However, all the connections are depending on the budgeted and availability of funds; and
- d) unfortunately, the current budget did not consider the area where the Complainant is located. The said Area is budgeted for the year 2021/2022. Therefore, the Respondent is requesting a Complainant to be patient while the Respondent is working on the matter.

Mediation meeting involving both parties was conducted on 8th June 2021 at Mlashi Hotel Hall, Bariadi District, Simiyu Region. At the end of the mediation session the matter was settled and the parties agreed on the following terms;

- i. that, the Respondent shall move its single-phase infrastructure near the Complainant's premises and provide an invoice of TZS 27,000.00 to the Complainant being charges for electricity supply services connection;
- ii. that, after the Respondent's receipt of payment of TZS 27,000.00 from the Complainant, the Respondent shall immediately connect the Complainant's premises with electricity supply services; and
- iii. that, the agreement in (i) and (ii) above shall be completed not later than 30th August 2021.

The agreed terms were reduced into writing as required by Rule 14 (4) of the Energy and Water Utilities Regulatory Authority (Complaints Handling Procedure) Rules, GN. No 428/2020 and contained in the Settlement Form.

2.0 Decision

The parties have reached an agreement and, pursuant to Rule 14 (5) of the Energy and Water Utilities Regulatory Authority (Complaints Handling Procedure) Rules, GN. No 428 of 2020, the said agreement is registered as an award of the Authority. Each party shall bear its own costs.

GIVEN UNDER THE SEAL of the Energy and Water Utilities Regulatory Authority (EWURA) at Dodoma this 22nd day of June 2021.
