**PUBLIC NOTICE ON CAP PRICES FOR PETROLEUM PRODUCTS EFFECTIVE
WEDNESDAY, 3rd SEPTEMBER 2014**

The Energy and Water Utilities Regulatory Authority (EWURA) hereby publishes monthly cap prices for petroleum products, applicable in Tanzania Mainland. These retail and wholesale prices are applicable effective **Wednesday 3rd September 2014**. Kindly take note of the following:

- (a) Both retail and wholesale prices for Petrol, Diesel and Kerosene in Tanzania Mainland have changed compared to the last publication of 6th August 2014. Retail prices for Diesel and Kerosene have decreased by TZS 15/litre or -0.69% and TZS 16/litre or -0.79% respectively while the retail price for Petrol has increased by TZS 1/litre, equivalent to 0.05%. Similarly, wholesale prices for Diesel and Kerosene have dropped by TZS 14.61/litre or -0.73%, and TZS 16.15/litre or -0.83% respectively, and for Petrol the wholesale price has increased by TZS 1.19/litre, equivalent to 0.05%. To a large extent, these changes have been caused by changes in prices of petroleum products in the world market.
- (b) In line with the prevailing sector legislation, prices of petroleum products are governed by rules of supply and demand. EWURA shall continue to encourage competition in the sector by making available petroleum products pricing information including price cap. This information on prices is intended to enable stakeholders to make informed decisions on petroleum prices at any particular time.
- (c) Oil marketing companies are free to sell their products at a price that give them competitive advantage, provided that such **price does not exceed the price cap for the relevant product. The approved formula was gazetted through Government Notice No. 432 of 29th November 2013.**
- (d) All petrol stations should publish petroleum product prices on clearly visible boards. The price boards should be clearly visible and should clearly show prices charged, discounts offered as well as any trade incentives or promotions on offer. Consumers are advised to purchase from those stations that sell products at the most competitive prices. **It is an offence not to have prices published on boards located in clearly visible places in front of petrol stations and it will attract punitive measures from EWURA.**
- (e) Retailers must issue receipts with respect to all sales that they make and consumers are advised to **demand and keep receipts** that clearly show the name of petrol station, date on which such purchase was made as well as, the type of fuel and price per litre for every purchase they make. This can be used as an exhibit in case of a complaint lodged in the event that the selling price is above the cap price or in case the products sold are off the approved specifications.
