**PUBLIC NOTICE ON CAP PRICES FOR PETROLEUM PRODUCTS EFFECTIVE
WEDNESDAY, 5TH JUNE 2013**

The Energy and Water Utilities Regulatory Authority (EWURA) hereby publishes monthly cap prices for petroleum products, applicable in Tanzania Mainland. These retail and wholesale prices are applicable effective **Wednesday 5th June 2013**. Kindly take note the following:

- (a) Petroleum products retail and wholesale prices for all products in Tanzania Mainland have decreased compared with the last prices publication of 1st May 2013. Retail prices for Petrol, Diesel and Kerosene have decreased by TZS 16/litre or 0.76%, TZS 42/litre or 2.16% and TZS 72/litre or 3.50% respectively. Wholesale prices for Petrol, Diesel and Kerosene have decreased by TZS 15.78/litre or 0.79%, TZS 41.71/litre or 2.24% and TZS 72.16/litre or 3.70% respectively. These changes of petroleum products prices have been caused by change of prices in the world market.
- (b) In line with the prevailing sector legislation, prices of petroleum products are governed by rules of supply and demand. EWURA shall continue to encourage competition in the sector by making available petroleum products pricing information including price cap. This information on prices is intended to enable stakeholders to make informed decisions on petroleum prices at any particular time.
- (c) Oil marketing companies are free to sell their products at a price that give them competitive advantage, provided that such **price does not exceed the price cap for the relevant product. The new approved formula was gazetted through Government Notice No. 454 of 23rd December 2011.**
- (d) All petrol stations should publish petroleum product prices on clearly visible boards. The price boards should be clearly visible and should clearly show prices charged, discounts offered as well as any trade incentives or promotions on offer. Consumers are advised to purchase from those that sell products at the most competitive prices. **It is an offence not to have prices published on boards located in clearly visible places in front of petrol stations and it will attract punitive measures from EWURA.**
- (e) Retailers must issue receipts with respect to all sales that they make and consumers are advised to **demand and keep receipts** that clearly show the name of petrol station, date on which such purchase was made as well as, the type of fuel and price per litre for every purchase they make. This can be used as an exhibit in case of a complaint lodged in the event that the selling price is above the cap price or in case the products sold are off the approved specifications.
