**PUBLIC NOTICE ON CAP PRICES FOR PETROLEUM PRODUCTS EFFECTIVE
WEDNESDAY, 1st April 2015**

The Energy and Water Utilities Regulatory Authority (EWURA) hereby publishes monthly cap prices for petroleum products, applicable in Tanzania Mainland. These retail and wholesale prices are applicable effective **Wednesday 1st April 2015**. Kindly take note of the following:

- (a) Retail and wholesale petroleum products prices in Tanzania Mainland have increased as compared with prices in the publication of 4th March 2015. Retail prices for Petrol, Diesel and Kerosene have increased by TZS 103/litre or 6.23%, TZS 109/litre or 6.98% and TZS 132/Litre or 8.65% respectively. Similarly, wholesale prices for Petrol, Diesel and Kerosene have increased by TZS 103.01/litre or 6.66%, TZS 109.05/litre or 7.48% and TZS 131.76/Litre or 9.29% respectively. To a large extent, increase of these prices have been caused by increase in prices of petroleum products prices in the world market during the month of February, 2015.
- (b) In line with the prevailing sector legislation, prices of petroleum products are governed by rules of supply and demand. EWURA shall continue to encourage competition in the sector by making available petroleum products pricing information including price cap. This information on prices is intended to enable stakeholders to make informed decisions on petroleum prices at any particular time.
- (c) Oil Marketing Companies are free to sell their products at a price that give them a competitive advantage, provided that such **price does not exceed the price cap for the relevant product as was computed by the approved formula which was gazetted through the Government Notice No. 72 of 4th March 2015**.
- (d) All petrol stations should publish petroleum product prices on clearly visible boards. The price boards should be clearly visible and should clearly show prices charged, discounts offered as well as any trade incentives or promotions on offer. Consumers are advised to purchase from those stations that sell products at the most competitive prices. **It is an offence not to have prices published on boards located in clearly visible places in front of petrol stations and it will attract punitive measures from EWURA.**
- (e) Retailers must issue receipts with respect to all sales that they make and consumers are advised to **demand and keep receipts** that clearly show the name of petrol station, date on which such purchase was made as well as, the type of fuel and price per litre for every purchase they make. This can be used as an exhibit in case of a complaint lodged in the event that the selling price is above the cap price or in case the products sold are off the approved specifications.
