

LOCAL SUPPLIERS AND SERVICE PROVIDERS DATABASE

1. Pursuant to Regulation 38(1) of the Petroleum (Local Content) Regulations, 2017, the Energy and Water Utilities Regulatory Authority “the Authority” informs the petroleum industry operators, suppliers, service providers and the general public that the Local Suppliers and Service Providers Database for the year 2018 “LSSP 2018” was initially published on 11th June, 2018. Since the registration is an on-going exercise, the Authority updates the LSSP each month as fresh applications are received and processed.

2. The Authority wishes to inform the petroleum industry operators, suppliers, service providers and the general public that it has updated the LSSP for the month of December 2019 with 449 local business entities. The approved suppliers and service providers are eligible to participate in the execution of works and provision of various goods and services in the petroleum midstream and downstream activities in Mainland Tanzania. The Database is accessible on the websites of the Authority-www.ewura.go.tz as well as that of the Ministry of Energy-www.nishati.go.tz.

3. The Authority also acknowledges the availability of other websites, of which those listed under those websites linked hereto- www.uwezeshaji.go.tz; www.crb.go.tz; www.erb.go.tz; www.tpsftz.org; www.mat-tz.org; www.mct.go.tz; www.tnmc.go.tz; www.tls.or.tz are encouraged to provide more information and register with EWURA so that the project operators can easily access their contacts and consider engaging them for tenders.

4. The Authority also would like to inform the general public that registration into LSSP is continuing so far. Should there be any inquiry, feel free to contact the Authority through the following address-

Director General,
