

REF: PPR/19 - 10/1

**PUBLIC NOTICE ON CAP PRICES FOR PETROLEUM PRODUCTS EFFECTIVE
WEDNESDAY, 2nd OCTOBER 2019**

The Energy and Water Utilities Regulatory Authority (EWURA) hereby publishes Cap Prices for petroleum products, applicable in Tanzania Mainland. These retail and wholesale prices are applicable effective **Wednesday, 2nd October 2019**. Hereinafter, kindly take note of the following:

- (a) Retail and wholesale prices for Petrol, Diesel and Kerosene imported in the country through **Dar es Salaam port** have decreased compared to prices that were published on 4th September 2019. For the month of October 2019, retail prices of Petrol, Diesel and Kerosene decreased by TZS 142/litre (equivalent to 6.34%), TZS 59/litre (equivalent to 2.72%) and TZS 77/litre (equivalent to 3.59%), respectively. Similarly, compared to the publication of last month, wholesale prices of Petrol, Diesel and Kerosene decreased by TZS 141.34/litre (equivalent to 6.69%) and TZS 58.78/litre (equivalent to 2.88%) and TZS 76.29/litre (equivalent to 3.80%), respectively. The decrease in local prices of petroleum products imported through Dar es Salaam port is mainly attributable to a decrease in the world oil market prices as shown in Table C.
- (b) For the month of October 2019, prices of petroleum products in the **Northern regions** will continue to be the same as those that were published on 4th September 2019 because there was no new consignment of petroleum products that was received through Tanga port in the month of September 2019.
- (c) Similarly, for the month of October 2019, prices of petroleum products in the **Southern regions** will continue to be the same as those that were published on 4th September 2019 because there was no new consignment of petroleum products that was received through Mtwara port in the month of September 2019. Furthermore, since there is no Kerosene at Mtwara storage terminals, Petrol Station Operators in Mtwara, Lindi and Ruvuma regions are advised to source the product from Dar es Salaam and therefore, the retail prices of Kerosene for those regions is based on the cost of the product received through Dar es Salaam port and bridging cost to the regions.
- (d) EWURA would like to remind the public that these cap prices can be accessed through mobile phones by dialling ***152*00#** and then following the provided instructions. This service is free of charge and is available in all mobile phone service providers in the country.
- (e) In line with the prevailing sector legislation (**Petroleum Act, 2015, section 166**), prices of petroleum products are governed by rules of demand and supply. EWURA shall continue to encourage competition in the sector by making available petroleum products pricing information including cap prices. This information on prices is intended to enable stakeholders make informed decisions on petroleum prices at any particular time.
- (f) Oil Marketing Companies are free to sell their products at a price that gives them a

competitive advantage provided that, such **price does not exceed the price cap for the relevant product as it is computed using the approved formula, which was gazetted through the Government Notice No. 163 published in April 2018 and Government Notice No. 269 published in June 2018.**

- (g) All petrol stations are required to publish petroleum product prices on clearly visible boards. The price boards should clearly show prices charged, discounts offered as well as any trade incentives or promotions on offer. Consumers are encouraged to purchase from stations that sell products at the most competitive prices and offer better services. **It is an offence not to have prices published on boards located in clearly visible places in front of petrol stations. Failure to adhere to this directive will attract punitive measures from EWURA.**
- (h) Retailers must issue receipts printed from an Electronic Fiscal Pump Printer (EFPP) with respect to all sales that they make and consumers are required to **demand and keep those receipts** that clearly show the name of petrol station, date on which such purchase was made as well as, the type of petroleum product (fuel) and price per litre for every purchase they make. This can be used as an exhibit in case of a complaint lodged in the event that the selling price is above the cap price or in case the products sold do not meet the approved specifications and also, provide an assurance that appropriate government taxes on sales of petroleum products are fully accounted for recovery from the Retailers.

TABLE A: RETAIL PRICES

Town	Cap Prices		
	Petrol (TZS/Litre)	Diesel (TZS/Litre)	Kerosene (TZS/Litre)
Dar es Salaam	2,094	2,109	2,056
Arusha	2,356	2,259	2,123
Arumeru (Usa River)	2,356	2,259	2,123
