**PUBLIC NOTICE ON CAP PRICES FOR PETROLEUM PRODUCTS EFFECTIVE
WEDNESDAY, 7th APRIL 2021**

The Energy and Water Utilities Regulatory Authority (EWURA) hereby publishes Cap Prices for petroleum products, applicable in Tanzania Mainland. These retail and wholesale prices are applicable effective **Wednesday, 7th April 2021**. Hereinafter, kindly take note of the following:

- (a) Retail and wholesale prices of petroleum products imported through **Dar es Salaam port** have increased compared to prices published on 3rd March 2021. For April 2021, the retail prices of Petrol and Diesel have increased by TZS 142/Litre (equivalent to 7.18 percent) and TZS 85/litre (equivalent to 4.46%), respectively. Likewise, compared to the publication of last month, wholesale prices of Petrol and Diesel have increased by TZS 141.92/Litre (equivalent to 7.66 percent) and TZS 84.95/litre (equivalent to 4.77 percent), respectively. *Kerosene prices shall continue to be the same as per previous publication of 3rd March 2021 because there was no new consignment of the product received through Dar es Salaam port in March 2021.*
- (b) For April 2021, retail and wholesale prices of Petrol and Diesel **in the Northern regions (Tanga, Kilimanjaro, Arusha, and Manyara)** have increased compared to prices published on 3rd March 2021. For April 2021, retail prices of Petrol and Diesel have increased by TZS 73/litre (equivalent to 3.49 percent) and TZS 105/litre (equivalent to 5.50 percent) respectively. Similarly, compared to the publication of last month, wholesale prices of Petrol and Diesel have increased by TZS 72.38/litre (equivalent to 3.71 percent) and TZS 105.12/litre (equivalent to 5.87 percent), respectively. *Kerosene prices shall continue to be the same as those that were published on 3rd March 2021 because there was no new consignment of the product that was received through Tanga port in March 2021.*

- (c) For April 2021, retail and wholesale prices of Petrol and Diesel for **Southern regions (Mtwara, Lindi, and Ruvuma)** have increased compared to prices published on 3rd March 2021. For April 2021, retail prices of Petrol and Diesel have increased by TZS 92/litre (equivalent to 4.47 percent) and TZS 200/litre (equivalent to 10.96 percent) respectively.
- (d) Changes in local prices are mainly attributed to changes in the world oil market prices and BPS premiums.
- (e) EWURA would like to remind the public that these cap prices can be accessed through mobile phones by dialing ***152*00#** and then following the provided instructions. This service is free of charge and is available in all mobile phone service providers in the country.
- (f) In line with the prevailing sector legislation (**Petroleum Act, 2015, section 166**), prices of petroleum products are governed by rules of demand and supply. EWURA shall continue to encourage competition in the sector by making available petroleum products pricing information including cap prices. This information on prices is intended to enable stakeholders to make informed decisions on petroleum prices at any particular time.
- (g) Oil Marketing Companies are free to sell their products at a price that gives them a competitive advantage provided that, such **price does not exceed the price cap for the relevant product as it is computed using the approved formula, which was gazetted through the Government Notice No. 656 published on 21st August 2020.**
- (h) All petrol stations are required to publish petroleum product prices on clearly visible boards. The price boards should clearly show prices charged, discounts offered as well as any trade incentives or promotions on offer. Consumers are encouraged to purchase from stations that sell products at the most competitive prices and offer better services. **It is an offense not to have prices published on boards located in clearly visible places in front of petrol stations. Failure to adhere to this directive will attract punitive measures from EWURA.**
- (i) Retailers must issue receipts printed from an Electronic Fiscal Pump Printer (EFPP) for all sales that they make. In addition, consumers are required to **demand and keep those receipts** that clearly show the name of the petrol station, the date on which such purchase was made as well as, the type of petroleum product (fuel) and price per litre for every purchase they make. This can be used as an exhibit in case of a complaint lodged in the event that the selling price is above the cap price or in case the products sold do

not meet the approved specifications and provide an assurance that appropriate government taxes on sales of petroleum products are fully accounted for recovery from the Retailers.
