**PUBLIC NOTICE ON CAP PRICES FOR PETROLEUM PRODUCTS EFFECTIVE
WEDNESDAY, 6th OCTOBER 2021**

The Energy and Water Utilities Regulatory Authority (EWURA) hereby publishes Cap Prices for petroleum products, applicable in Tanzania Mainland. These retail and wholesale prices are applicable effective **Wednesday, 6th October 2021**. Hereinafter, kindly take note of the following:

- (a) Pump prices of petrol will be Shilling 2,439 per litre in Dar es Salaam, Shilling 2,478 per litre in Tanga and Shilling 2,455 per litre in Mtwara.
- (b) Pump prices of diesel will be Shiling 2,261 per litre in Dar es Salaam, Shilling 2,245 per litre in Tanga and Shilling 2,279 per litre in Mtwara.
- (c) Pump prices of kerosene will be Shiling 2,188 per litre in Dar es Salaam. Due to depletion of kerosene at Tanga storage terminal, Petrol Station Operators in the Northern regions are advised to source kerosene from Dar es Salaam. Likewise, due to unavailability of kerosene at Mtwara storage terminals, Petrol Station Operators in the Southern regions are advised to source kerosene from Dar es Salaam. Therefore, the retail prices of kerosene for those regions are based on the cost of the product received through Dar es Salaam port and the transport cost to the respective regions.
- (d) EWURA would like to remind the public that these cap prices can be accessed through mobile phones by dialing ***152*00#** and then following the provided instructions. This service is free of charge and is available in all mobile phone service providers in the country.
- (e) In line with the prevailing sector legislation (**Petroleum Act, 2015, section 166**), prices of petroleum products are governed by rules of demand and supply. EWURA shall continue to encourage competition in the sector by making available petroleum products pricing information including cap prices. This information on prices is intended to enable stakeholders to make informed decisions on petroleum prices at any particular time.

- (f) Oil Marketing Companies are free to sell their products at a price that gives them a competitive advantage provided that, such **price does not exceed the price cap for the relevant product as it is computed using the approved formula, which was gazetted through the Government Notice No. 656 published on 21st August 2020**
- (g) All petrol stations are required to publish petroleum product prices on clearly visible boards. The price boards should clearly show prices charged, discounts offered as well as any trade incentives or promotions on offer. Consumers are encouraged to purchase from stations that sell products at the most competitive prices and offer better services. **It is an offense not to have prices published on boards located in clearly visible places in front of petrol stations. Failure to adhere to this directive will attract punitive measures from EWURA.**
- (h) Retailers must issue receipts printed from an Electronic Fiscal Pump Printer (EFPP) for all sales that they make. In addition, consumers are required to **demand and keep those receipts** that clearly show the name of the petrol station, the date on which such purchase was made as well as, the type of petroleum product (fuel) and price per litre for every purchase they make. This can be used as an exhibit in case of a complaint lodged in the event that the selling price is above the cap price or in case the products sold do not meet the approved specifications and provide an assurance that appropriate government taxes on sales of petroleum products are fully accounted for recovery from the Retailers.
