**PUBLIC NOTICE ON CAP PRICES FOR PETROLEUM PRODUCTS EFFECTIVE  
WEDNESDAY, 3<sup>RD</sup> AUGUST 2022**

The Energy and Water Utilities Regulatory Authority (EWURA) hereby publishes Cap Prices for petroleum products, applicable in Tanzania Mainland. These wholesale and retail prices are applicable effective **Wednesday, 3<sup>rd</sup> August 2022**.

The prices of oil in the world market continue to rise and thus causing fuel prices in the local market to increase as well. To reduce the impact of such increase to the local market, the Government has issued a subsidy of TZS 100 billion for the August 2022 fuel prices. The Government intervention by issuing the subsidy has reduced the petroleum products prices for August 2022 as shown in the **Table 1**.

**Table 1: Pump Prices for August 2022 Before and After Subsidy in TZS/Litre**

Port	August 2022 prices before subsidy			August 2022 prices after subsidy			Subsidy

Based on the above, the applicable petroleum products cap prices with effect from 3<sup>rd</sup> August 2022 are as shown in the **Table 2**.

\*The kerosene price is not subsidized

In order to implement these prices, wholesalers and retailers of the petroleum products are required to adhere to the following: -

- (a) EWURA would like to remind the public that these cap prices can be accessed through mobile phones by dialing **\*152\*00#** and then following the provided instructions. This service is free of charge and is available in all mobile phone service providers in the country.
- (b) In line with the prevailing sector legislation (**Petroleum Act, 2015, section 166**), prices of petroleum products are governed by rules of demand and supply. EWURA shall continue to encourage competition in the sector by making available petroleum products pricing information including cap prices. This information on prices is intended to enable stakeholders to make informed decisions on petroleum prices at any particular time.
- (c) Oil Marketing Companies are free to sell their products at a price that gives them a competitive advantage provided that, such **price does not exceed the price cap and is not below the floor price for the relevant product as it is computed using the approved formula and EWURA (Petroleum Products Prices Setting) Rules 2022, which were gazetted through the Government Notice No. 57 published on 28<sup>th</sup> January 2022.**
- (d) All petrol stations are required to publish petroleum product prices on clearly visible boards. The price boards should clearly show prices charged, discounts offered as well as any trade incentives or promotions on offer. Consumers are encouraged to purchase from stations that sell products at the most competitive prices and offer better services. **It is an offense not to have prices published on boards located in clearly visible places in front of petrol stations. Failure to adhere to this directive will attract punitive measures from EWURA.**
- (e) Retailers must issue receipts printed from an Electronic Fiscal Pump Printer (EFPP) for all sales that they make. In addition, consumers are required to **demand and keep those receipts** that clearly show the name of the petrol station, the date on which such purchase was made as well as, the type of petroleum product (fuel) and price per litre for every purchase they make. This can be used as an exhibit in case of a complaint lodged in the event that the selling price is above the cap price or in case the products sold do not meet the approved specifications and provide an assurance that appropriate government taxes on sales of petroleum products are fully accounted for recovery from the Retailers.
- (f) **Retailers of the Petroleum products are required to sell petroleum products at the price with subsidy as indicated in Table 3. Legal action will be taken against any retailer who fails to comply with these instructions.**
- (g) **Wholesalers of the Petroleum products are required to sell petroleum products at the price with subsidy as indicated in Table 4 except to customers with tax exemption. Legal action will be taken against any wholesaler who fails to comply with these instructions.**
