PUBLIC NOTICE

A CALL FOR STAKEHOLDERS' COMMENTS ON THE PROPOSED AMENDMENT OF THE EWURA (PETROLEUM PRODUCTS PRICE SETTING) RULES

The Energy and Water Utilities Regulatory Authority (EWURA) has received an application from Oil Marketing Companies to adjust the cost of financing imports of petroleum products from the current 1% to 2.5% and for the rules to ensure that the computation of the weighted average exchange rate applicable is cost reflective. The proposed revision is attributed to changes in the financial market trends.

Consistent with section 19(2) of the EWURA Act, Cap. 414, EWURA has initiated an inquiry to collect comments from stakeholders on the proposed review of financing costs and computation of the weighted average exchange rate.

EWURA invites all stakeholders and the general public to submit written comments pertinent to the inquiry to the Director General of EWURA at an address specified below ***within seven days from the date of publication of this Notice.***
